

Fall Round the Bay Race

Saturday September 17th 2011

Starting Sequence begins at 11:30 EDT

The race will be managed by the Mattapoissett Yacht Club Race Committee who shall have the authority to interpret the rules and conditions of the race, to decide protests; and to reject the entry of any yacht at any time prior to the preparatory signal for the start of that race, that in their opinion, is not seaworthy or does not comply with the spirit of the rules and conditions of the race.

Responsibilities Owner's and Skipper's

The safety of a yacht and her crew is the sole responsibility of the skipper, who must assure that the yacht is seaworthy and manned by a competent crew. The skipper must assure that all equipment is properly maintained and stowed, and the crew knows where it is kept and how it is to be used. Neither the establishment of equipment regulations nor any inspection of a yacht in any way limits or reduces the complete and unlimited responsibilities of a yacht's skipper. It is the sole and exclusive responsibility of the skipper and crew of a yacht to decide whether or not to start or continue in the race. The Mattapoissett Yacht Club is in no way responsible for accidents or injury to yachts or personnel suffered in any way or from any cause during or related to the "Fall Round the Bay Race"
